## **TWC Prosecutes Hill County Claimants For Unemployment Insurance Fraud**

AUSTIN – The Texas Workforce Commission (TWC) warns that criminal prosecutions for Unemployment Insurance (UI) fraud are pursued aggressively. TWC refers cases in which UI benefits are obtained through fraud or deception to respective local district attorney offices. TWC has provided evidence resulting in the recent prosecutions of two Hill County claimants. Restitution orders totaling \$10,492 will be returned to the Unemployment Compensation Trust Fund, which TWC administers for the state of Texas.

- Andrew Martinez, 24, received five years deferred adjudication probation from the 66<sup>th</sup> District Court on the charge of state jail felony securing execution of document by deception. Martinez was ordered to make \$4,914 restitution, pay \$268 in court costs and perform 120 hours of community service.
- Chance W. Tadlock, 37, was convicted of state jail felony securing execution of document by deception by the 66<sup>th</sup> District Court and sentenced to five years regular probation. Tadlock was ordered to make \$5,578 restitution, pay \$302 in court costs and perform 150 hours of community service.

TWC's Regulatory Integrity Division is charged with detecting and preventing fraud, waste and abuse. The division enforces all regulatory statutes within the jurisdiction of the agency, including Tax, Workforce, Trade Act, Skills Development, Self-Sufficiency, Child Care and all other programs that TWC administers. Prevention, detection and elimination of fraud and abuse in the UI program are top priorities, ensuring that funds are available exclusively to those who meet the eligibility requirements.

TWC administers UI benefits to workers who become unemployed through no fault of their own and are actively seeking work. TWC regularly cross matches UI claims with employer wage reports and other databases to detect possible UI fraud. If TWC discovers that claimants have received UI benefits through fraudulent applications, the agency seeks immediate reimbursement of overpayments. Examples of UI fraud include giving false information and failure to report self-employment or other earnings while receiving UI benefits.

To report suspected UI fraud, call the TWC Fraud and Program Abuse Hotline at (800) 252-3642. For monthly updates on fraud convictions, see TWC's Web site at <http://www.twc.state.tx.us/ui/bnfts/prosecutiondispo.html>.
